

– E-Receipt Coverage – October 26 2016

(applies to Professional and Standard Travel)

IMPORTANT: For hotels (and some other vendors/suppliers), the vendor may provide e-receipts for some properties but not others. In order to know if a property (or other vendor/supplier) provides e-receipts, **look for "E-Receipt Enabled" while booking in Concur Travel.**

For Expense-only clients, users may know if a vendor provides e-receipts **only** when the e-receipt icon appears in the **Available Expenses** section of Expense.

Note the following:

- This document has two sections, based on e-receipt source:
 - ◆ E-receipts available if [booked via Concur Travel](#) (if configuration allows)
 - ◆ E-receipts available if [booked via a TripLink or App Center partner](#)
NOTE: Currently all partners of this type are supported in the US datacenter only.
- No vendor agreement is required unless otherwise documented.
- **The changes since the last publication of this list are highlighted in yellow.**
