Meet America To Go

America To Go (ATG) improves the way institutions manage catering and food ordering - reducing costs and risk, increasing compliance, and streamlining invoicing.

ATG connects users to a network of approved caterers and restaurants on a single customized platform, allowing them to conveniently create catering orders, all supported by 24/7 customer service.
Benefits of Using ATG

• User-friendly interface
• Customer service and account management
• Ensures vendors meet Pitt’s insurance requirements
• Automates tipping and tax-exempt policies
• Provides transparency for delivery and service fees
• Maintains consistency with pricing

New Pitt Diverse Spend Goals

• In FY20, Purchasing Services updated Pitt's goal for diverse spend. Our goal has been to spend at least 10% of eligible non-construction spend with diverse suppliers and we had exceeded that goal for the previous three fiscal years.

• The process to create the updates included meeting with each RC and stakeholders.

• Catering and restaurant purchases was identified as a major opportunity area for buyers at Pitt to help achieve this goal.
